Re: **DOCKET NO. UT-220275 - FEDERAL COMMUNICATIONS
 COMMISSION DIGITAL OPPORTUNITY DATA COLLECTION**

Dear Ms. Maxwell:

Pursuant to WAC 480-123-130(1)(g), Inland Telephone Company ("Company") submits to the Washington Utilities and Transportation Commission ("WUTC") a copy of the data points it submitted in the Federal Communications Commission Broadband Data Collection. Since there is information within the data collection that is Confidential per WAC 480-07-160(8), the Company submits two files. The redacted file is in pdf format. The unredacted file is so named and is in csv format. So as to not compromise the data file, nothing has been marked as "Unredacted" within the file. The claim of confidentiality does not extend to the use of the data in an aggregated shape file by the WUTC.

As Inland Telephone Company has one FCC Form 499 filer ID (802299) and one Federal Registration Number (0001583350), this submission includes information for both Washington operations (Study Area Code 522423) and Idaho operations (Study Area Code 472423). If you should have any questions or need further information, please contact me by email at jbrooks@inlandnet.com or call me at (509) 649-2211.

Sincerely,

James K. Brooks
 Treasurer/Controller
