Subject: DRAFT - Disaggregation
Boilerplate for Path 2 Filings due August 6, 2002

We are available to discuss the attached draft boilerplate disaggregation methodology this Thursday, July 18
2002, in the afternoon at 3:00pm, here at the WUTC Headquarters in Conference Room #213. We are also
willing to arrange a conference call if some would like to dial-in instead.

In preparation for the meeting/conference call, please review all of the Excel spreadsheet tabs (worksheets)
which are included in the electronic file attached below:

EASE REVIEW EACH OF THE FOLLOWING:

- Methodology Description (Attachment 1)
- Example Cost Input Sheet (Attachment 2)
- Example with Values (Attachment 3)
- Example showing Formulae (Attachment 4)
- Asotin Cost Inputs
- Asotin Disaggregation
- ALL Other Company Cost Inputs (Attachment 5)

Methodology with examples, formulae, and cost input data for each company.xls

Again, we are available to discuss this draft boilerplate disaggregation methodology this Thursday, July 18, 2002, in the afternoon at 3:00pm, here at the WUTC Headquarters in Conference Room #213. We are also willing to arrange a conference call if some would like to dial-in instead.

Please let Bob Shirley or I know what you prefer and if you have any suggestions and/or feedback given the current schedule.

Thanks in advance for your consideration,
