~~(2) To request a rule exemption, a person must file with the commission a written request identifying the rule for which an exemption is sought, and provide a full explanation of the reason for requesting the exemption. In addition to any other reason, parties may allege force majeure was the factor leading to the request for waiver.~~

The commission will notify the person requesting the exemption, and other interested persons, of the date of the hearing or open meeting when the commission will consider the request.~~

~~(4) In determining whether to grant the request, the commission may consider whether application of the rule would impose undue hardship on the requesting person, of a degree or a kind different from hardships imposed on other similarly situated persons, and whether the effect of applying the rule would be contrary to the purposes of the rule.~~

~~(5) The commission will enter an order granting or denying the request, or setting it for hearing, pursuant to chapter 480-09 WAC.~~

The commission may grant an exemption from the provisions of any rule in this chapter in the manner and consistent with the standards and according to the procedures set forth in WAC 480-07-110 (Exceptions from and modifications to the rules in this chapter; special rules).

PART VIII. FINANCIAL RECORDS AND REPORTING RULES

Subpart A: General Rules

WAC 480-120-325 Definitions. The definitions in this section apply to Part VIII of this chapter.

“Affiliated interest” means a person or corporation as defined in RCW 80.16.010.

“Control” means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a company, whether such power

is exercised through one or more intermediary companies, or alone, or in conjunction with, or pursuant to an agreement, and whether such power is established through a majority or minority ownership or voting of securities, common directors, officers, or stockholders, voting trusts, holding trusts, associated companies, contract or any other direct or indirect means.

“**Subsidiary**” means any company in which the telecommunications company owns directly or indirectly five percent or more of the voting securities, unless the telecommunications company demonstrates it does not have control.

WAC 480-120-331 Filing information. (1) **Filing.** The commission records center will accept any filing under PART VIII delivered in person or by mail, or, when procedures are in place, electronically.

(2) **Commission may require additional information.** The commission may require pertinent information in addition to that specified by statute or in this chapter.

(3) **Information by reference.** When any information required to support a filing is on file with the commission, it is sufficient to make specific reference to the information indicating the proceeding, report, or other filing that contains the referenced information.

(4) **When information is unavailable.** If any required information is unavailable at the time of the filing, the filing must include the reason why the information is not available and state when it will be available.

WAC 480-120-335 Additional reports. PART VIII does not supersede any reporting requirement specified in a commission order or limit the commission's ability to request additional information.

(2) **General information required.** A Class B company seeking streamlined treatment for a proposed general rate increase must submit the following information at the time of filing or prior to its first notice to customers, whichever occurs first:

- (a) A copy of its customer notice as specified in subsection (6) of this section.
- (b) A results-of-operations statement, on a commission basis, demonstrating that the company is not presently exceeding a reasonable level of earnings. If the company

(c) All supporting documentation used to develop the results-of-operations statement, including supporting documentation for all adjustments.

(d) The results-of-operations statement filed under this subsection must include Washington intrastate results of operations. If a company cannot provide Washington intrastate results of operations with reasonable accuracy, the commission may consider the total Washington results of operations including the interstate jurisdiction.

(3) Adjustments provided for in the results of operations.

(a) The results-of-operations statement must provide restating actual adjustments and pro forma adjustments in accordance with (b) of this subsection.

(b) The name and mailing address of the commission and public counsel;

(c) A statement that customers may contact the commission or public counsel with respect to the proposed rate change; and

(a) The quality of the company's service is not consistent with its public service obligations; or

(b) A more extensive review is required of the company's results of operations or proposed rate design.

(10) Nothing in this rule will be construed to prevent any company, the commission, any customer, or any other party from using any other procedures that are otherwise permitted by law.
