Description	<p>As a homeowner in the Rosario Utilities area I'm writing to request that the rate increase proposal be suspended until we residential homeowners can gather more information. In particular we need to be more informed about:</p> <p>The tariff document on your site shows only 6 of the 45 pages indicated in the table of contents; A clearer understanding of the "base rate" calculations with regard to residential and resort rates; are water users subsidizing sewer rates – we are on a drain field and not a sewer system.</p> <p>As a homeowner I am not clear about several things besides these and am certainly not up to speed on water issues, however, I respectfully request that the rate increase is suspended until we understand more of the workings of our water utility.</p> <p>Sincerely, Anji Ringzin Austin [REDACTED] Eastsound, WA 98245</p>
