Mr. Steven V. King
Advice No. 2013-10
Page 2 of 2

The purpose of this filing is to comply with the Commission's Order No. 07, Final Order Granting Petition in Docket Nos. UE-121697 and UG-121705 (consolidated) and the Commission's Order No. 07, Final Order Authorizing Rates in Docket Nos. UE-130137 and UG-130138 (consolidated) (the "Order") which implements an electric Revenue Decoupling Adjustment Mechanism. Puget Sound Energy, Inc. ("PSE" or the "Company") is submitting a separate filing under the Company's advice number 2013-11 to comply with the portion of the Order relating to the natural gas Revenue Decoupling Adjustment Mechanism authorized and required by the Order and separate filings addressing Docket Nos. UE-130137 and UG-130138 (consolidated). The attached electric tariff sheets reflect the form and rates authorized in the Order but reflect a change in the schedule number from what was reflected in the Company's exhibit submitted in Docket Nos. UE-121697 and UG-121705. The Revenue Decoupling Adjustment Mechanism reflected schedule number 139 in the exhibit and this filing changes the schedule number to 142.

Paragraphs 174 through 182 discussed low-income customer bill assistance and required the Company to increase funding for that program by \$1.0 million per year. This funding increase will be implemented as part of the Company's annual low-income true-up compliance filing in August 2013. The \$1.0 million will be split between electric and natural gas programs using the same methodology used in the Company's last low-income filing in Docket Nos. UE-111048 and UG-111049 (consolidated).

As required by WAC 480-07-883(2) a copy of this filing has been served on each party to this proceeding.

The enclosed revised tariff sheets reflect issue dates of June 26, 2013, and effective dates of July 1, 2013, by authority of the Washington Utilities and Transportation Commission in Docket Nos. UE-121697 and UG-121705 (Consolidated).

Work papers that demonstrate the derivation of the rates proposed to be implemented by the enclosed tariff sheets are attached herewith in electronic format. In accordance with the Order the enclosed electric tariff filing is based on a revenue requirement of \$21,382,433 which represents an increase in electric revenue of 1.0 percent.

Please contact Lynn Logen at (425) 462-3872 or at lynn.logen@pse.com for additional information about this filing. If you have any other questions please contact me at (425) 456-2110.

Sincerely,

for Lynn F. Logen, Tariff Consultant
