**Docket UE-210795
Puget Sound Energy
PSE 2021 Clean Energy Implementation Plan**

FRONT AND CENTERED AND NW ENERGY COALITION DATA REQUEST NO. 018:

DATA REQUESTS DIRECTED TO: Kara Durbin

Re: Equity Data

Please provide a comprehensive list of “highly impacted communities,” disaggregated by zip code where available.

Response:

Please refer to Attachment A that contains a comprehensive list of highly impacted communities (“HICs”), disaggregated by ZIP code. HICs are defined at a census tract level rather than at a ZIP code level. Furthermore, census tracts are not entirely contained within a given ZIP code, nor vice versa, resulting in a many-to-many relationship between census tracts and ZIP codes. However, Puget Sound Energy can provide a relational table showing pairs of ZIP codes and census tracts that intersect geographically.

For each row, a census tract associated with a HIC status (Yes/No) relates to a ZIP code with which that tract intersects geographically. Thus, ordering by ZIP code shows which HICs intersect with a given ZIP Code.
