RE: UT-023003

Dear Judge Berg:

This responds to Judge Berg's request for clarification from the parties concerning the specific rate elements that they desire to address in this docket. Utilizing Qwest's latest SGAT Exhibit A as a guide and consistent with its earlier requests, WorldCom requests that the Commission review the following recurring and non recurring rate elements:

| <u>Section</u> | <u>Description</u>       |
|----------------|--------------------------|
| 7.6            | Exchange Service Traffic |
| 9.2            | Unbundled Loops          |
| 9.6            | UDIT                     |
| 9.8            | Shared Transport         |
| 9.10           | Local Tandem Switching   |
| 9.11           | Local Switching          |
| 9.23           | UNE Combinations         |
| 12.3           | Daily Record Usage File  |

Please call me with any questions or concerns you have concerning the contents of this letter.

Sincerely,
