

2010 DEC -5 AM 8:19

Exhibit No. _____ (JR-1T)
Docket TR-100572
Witness: Josh Regan

**BEFORE THE WASHINGTON STATE
UTILITIES AND TRANSPORTATION COMMISSION**

BENTON COUNTY,

DOCKET TR-100572

Petitioner,

**PREPARED TESTIMONY OF JOSH
REGAN**

v.

BNSF RAILWAY COMPANY,

Respondent.

Please state your name and business address.

A. Josh Regan, 227515 E. Bowles Road, Kennewick, WA, 99337.

Q. Please describe your work position.

A. I am the Plant Manager for Agrium's Kennewick Fertilizer Operations.

Q. Please describe your education and experience.

A. I have a Bachelor of Science from Montana Tech, of the University of Montana, 2001, and have worked for Agrium for 9 years. I was employed in a number of engineering positions with the company for 7 years, and for the past 2 years I have been Plant Manager.

Q. What is the purpose of your testimony today?

A. To discuss the frequency of rail traffic at the point of the

BENTON COUNTY PROSECUTING ATTORNEY
7122 West Okanogan Place, Bldg. A
Kennewick, Washington 99336
(509) 735-3591

1 proposed crossing.

2 **Q. What facilities do you manage?**

3 A. I manage two active facilities in the Finley area. There is
4 a Finley Road Plant, and a plant on Bowles Road. The Finley
5 Road Plant is the facility served by the Agrium/BNSF Spur, and
6 that facility is right next to the proposed railway crossing.
7 The Bowles Road Plant is to the north of the Finely Road
8 Plant, and it is not served by the same Agrium/BNSF railway
9 spur.
10

11 **Q. Are you familiar with the proposed railway crossing?**

12 A. Yes.
13

14 **Q. Are you familiar with the area around the proposed crossing**
15 **point?**

16 A. Yes, I am.
17

18 **Q. How many trains per week pass across the point in the**
19 **Agrium/BNSF spur where the proposed railway crossing is**
20 **located?**

21 A. An average of three trains per week arrive and depart our
22 Plant along that spur. This number is confirmed in Agrium's
23 internal records, kept in the regular course of business.
24 These records are attached as Exhibit No. ____ (JR-2). I am
25 familiar with Agrium's record keeping procedures and rely upon
26 these records in the normal course of our operations. These
27
28

Kennewick, Washington 99336
(509) 735-3591

1 trains typically consist of an engine and four or five cars.

2 **Q. Have you read the Prepared Testimony of Megan McIntyre**
3 **(Exhibit No. ____ (MM-1T)) in this matter?**

4
5 A. Yes.

6 **Q. Do you agree with her testimony that you told her that Agrium**
7 **receives one train per day on the Agrium Spur?**

8 A. I remember a telephone conversation with her, but I don't
9 recall having said that Agrium receives one train from BNSF
10 per day. We are served by an average of three BNSF trains per
11 week on that spur. The Plant in question is served on a daily
12 basis, but by Union Pacific rather than BNSF. Union Pacific's
13 trains operate on an entirely different rail spur.

14
15 **Q. Have you read the Prepared Testimony of BNSF Trainmaster Ward**
16 **Angelos (Exhibit No. ____ (WA-1T)) in this matter?**

17
18 A. Yes.

19 **Q. Do you agree with his testimony that BNSF runs one Road**
20 **Switcher train per day, Monday through Friday, to and from the**
21 **Agrium facility?**

22
23 A. No. The Agrium facility served by the spur in question
24 receives an average of three trains per week along the
25 Agrium/BNSF Spur, all from BNSF. One thing that might explain
26 the confusion is that BNSF may be running trains daily down
27 the same spur - but that might include BNSF's service to other
28

1 clients, such as the Air Liquide facility some distance to the
2 south of the Agrium Plant. That business is served by the
3 same spur, but is well short of the location of the proposed
4 crossing. Agrium is at the end of the spur, and an average of
5 only three trains per week make it as far as our Plant. As a
6 result, only three trains per week travel the point on the
7 spur where the proposed crossing is to be located.

8
9 Another possible explanation for Mr. Angelos' testimony
10 could be related to how BNSF charges for its services. Agrium
11 pays BNSF for the availability of daily service, but Agrium's
12 actual usage only requires three trains per week. Mr.
13 Angelos' testimony may be based on train service that has been
14 authorized or paid for, not the actual frequency of train
15 travel to and from the Agrium Plant.
16

17 **Q. Does that conclude your testimony?**

18
19 **A. Yes.**
