Dear Ms. Kreshel:

Subject: 2007 Specialized Inspection, Public Awareness Program review

Thank you for your letter dated July 13, 2007, addressing the findings of our inspection of Puget Sound Energy's Public Awareness Program. We accept PSE's revised Public Awareness Program and look forward to reviewing your Public Relations Managers annual review during our standard inspections. Docket PG-071144 will be closed as of September 21, 2007.

Please note that the baseline messages for Natural Gas Transmission/Storage Facilities list safety of Distribution Systems. It would be better if baseline messages addressed the reliability of Gas Transmission Lines, Propane Storage Facilities, Liquefied Natural Gas Facilities and Gas Storage Facilities.

A follow-up field inspection of your Public Awareness Program will be scheduled at a future date.

We thank PSE personnel for their cooperation and assistance during this inspection. If we may be of further assistance or if you have any questions, please contact Lex Vinsel at (360) 664-1319.

Sincerely,

A handwritten signature in cursive script that reads "Carole J. Washburn".
