Dear Carolyn:

I am requesting to have a defined prefix for [REDACTED]

Since we have expanded the existing campus at [REDACTED] we now have five different prefixes. We would need to retain the [REDACTED] that our main number and PRI's come in on. We are continuing to expand this [REDACTED] and need to find unity in our dialing plan both for our customers and our staff.

Once we have the new prefix in place we can return the prefixes that we now have except the [REDACTED] as mentioned above.

We would like to have these available by the end of November 2008.

We cannot use blocks (NXX) that begin with 8 or 9 due to our internal dialing plan. We need the range from XX1 XXXX to XX7 XXXX.

Thank you,
