RE: Pattison Water Company, Inc. DOH ID No. 665785 Substitute pages for Sheets 21 and 22, Docket No.101300

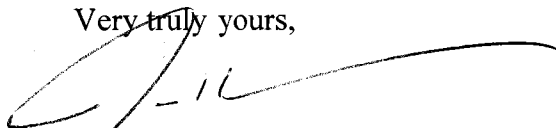

Dear Mr. Danner,

Enclosed are substitute pages for the Pattison Water Company tariff for sheets 21 and 22.

The Company requests an exemption from WAC 480-110-431, Tariffs, to allow the revised rates to become effective on November 1, 2010, on less than statutory notice, and an exemption from WAC 480-110-425, Customer Notice, to allow the company to notify customers affected by the increased revised rates in the next billing cycle.

WAC 480-110-425 require at least thirty days' notice to the Commission prior to the effective date of the tariff. The Company request, however, less than statutory notice as permitted by WAC 480-110-215, so that the tariff revisions become effective on November 1, 2010. The Company requests less than statutory notice because the revised rates result in some increases compared to the rates the Company originally proposed and sent notice to customers.

Very truly yours,

James S. Casebolt
President
