Subject: **CONTRACT NO. 1418 ICB – Renewal in UT-081813**

Mr. Danner:

Frontier Communications Northwest Inc. ("Frontier NW") submits for filing Contract No. 1418 ICB, a renewal for a customer specific contract that provides Private Switch Automatic Location Identification (PS-ALI) Service for twelve (12) months.

The customer is currently receiving this service under an agreement filed under Contract No. 1368ICB on October 6, 2008 in Docket No. UT-081813, effective November 7, 2008. This service is offered under contract because it is not available under tariff. The company requests approval on less than required notice with an effective date of November 10, 2010. If this renewal is not approved effective prior to the expiration date of the current effective agreement, service will have to be disconnected which will have a negative impact on the customer. The LRN form is attached to this filing.

Frontier is still considering whether the limited service at issue is governed by the filing requirements specified in WAC 480-80-142 (specifically whether the service constitutes an "intrastate telecommunications service") and reserves its rights accordingly. Frontier NW files this contract under that section in an abundance of caution, while it continues to assess the nature of the service at issue.

Frontier NW submits the documentation required in Section 7 of WAC 480-80-142. Frontier NW considers the cost computations required under sub-section 7 (b)(iii) to be confidential and protected under the provisions of WAC 480-07-160 and under the exemption from disclosure requirements per the Public Records Act, Chapter 42.56 RCW. The cost documentation is marked "Confidential per WAC 480-07-160". The company, for commercial reasons, may be harmed if this information is not treated by the Commission as confidential.

Executive Director and Secretary

With regards to the contract, Frontier NW will comply with any applicable resale obligations required by RCW 80.36.170 and 80.36.180.
