Subject: Waste Management of Skagit County, a division of Waste Management of Washington, Inc.
(G-237); Tariff # 17

Enclosed are revised tariff pages 2, 22 and 25 to the above-referenced tariff. The purpose of these tariff revisions is to establish rates for residential subscription yard waste collection services at the Skagit Golf and County Club in Skagit County. This same service is now offered in areas of Snohomish and Island County serviced by this division. Due to customer demand the company wishes to offer this service at the current tariff rates charged for this service in both Island and Snohomish County. We request that the rates for this new service be approved to become effective on March 1, 2011.

Customers will be notified of this new service option on their next regularly scheduled billing. If you have any questions or need additional information, please contact or me at (425) 814-7840.

Very truly yours,
