Re: Time Schedule No. 70

Mr. Danner:

Enclosed please find Time Schedule No. 70 to replace Time Schedule No. 69. The new schedule will add a total of six additional daily trips to and from Sea-Tac Airport, and will improve and provide more service options for the general public. This new schedule also adjusts our arrival and departure times for Sea-Tac Airport to better fit passenger flight arrival/departure times, based upon the past six months passenger flight reservation data. This new Schedule provides both earlier and later time choices for each time on the current Schedule. We are requesting the schedule to become effective on Sunday, August 14, 2011, through LSN approval by the Commission in order to provide this vastly improved, expanded Schedule. There is good cause (WAC 480-30-326) to allow this Schedule No. 70 to become effective on our requested date based upon the detailed analysis of passenger flight data and public need and necessity.

Sincerely,

James N. Fricke
