RE: Application to Register as a Telecommunications Provider on Behalf of ANPI, LLC

Dear Commission:

I represent ANPI, LLC, which is seeking certification as a telecommunications provider in the State of Washington. In addition to its application, I am enclosing for filing on ANPI's behalf a current balance sheet as the required attachment for the application. I am also submitting a redacted copy of the same financial data.

It is requested that you handle the Company's financial data in accordance with your established procedures pursuant to WAC 480-07-160. ANPI states that its financial information is highly "Confidential and Proprietary."

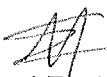

These financial statements contain highly proprietary and confidential commercial and financial information, the disclosure of which to competitors, or potential competitors, would be detrimental to ANPI.

The telecommunications industry is highly competitive and it is imperative that public disclosure of confidential information contained in these statements be avoided because of the competitive harm which disclosure of such information would likely cause the company. The information is only available to certain consultants of ANPI and its legal and financial agents. Disclosure would allow the entire public to review the information dramatically expanding the scope of disclosure. Therefore, ANPI is requesting confidential treatment of the enclosed financial statements.

Please handle the financial statements in accordance with the Commission's established procedures of confidential material.

Any questions regarding this filing may be directed to my attention at 217 525-0413 or via email at eveloff@hotmail.com.

Thank You

Michael Eveloff
