Dear Residential Customer,

This is to notify you of a proposed rate change for residential customers in the Allied Waste of Bellevue residential customers in the City of Sammamish. Should the Washington Utilities and Transportation Commission (Commission) approve our request customers will experience adjustments to all services provided by Allied Waste as outlined in the table below.

As you may know, it has been nearly two years since our last general rate case. In that time Republic Services of Bellevue has experienced increases in all of the costs key to delivering our services; including labor, fuel and maintenance costs. In addition, the company continues to invest in new assets to ensure it can deliver the safest, most efficient service possible. **If approved, the proposed rates will become effective October 16, 2012.**
