Subject: NEW Docket Number for the Lifeline recertification filings in WA under UT-133002

Hi Gail, et al.,

Bill asked me to send this message to you in response to questions about the FCC's Lifeline recertification filings that need to be copied to the states.

We have established an informational staff investigation docket number that you can use as a reference when filing the copies with our state.

The NEW Docket Number is: “ UT-133002 ” and the description is, “2013 Lifeline ETCs' annual filings to the Federal Communications Commission pursuant to 47 C.F.R. § 54.416 (b).”

The lead staff will be Jing Liu (however, she is on vacation this week – therefore, you may contact me in her absence if you have any further questions until she returns).

Thanks in advance for your consideration,
