4 Boise is Pacific Power & Light’s (“PacifiCorp” or the “Company”) largest customer in Washington, purchasing both power and power delivery services at its mill in Wallula, Washington. Boise was a party to PacifiCorp’s most recent completed general rate case (UE-130043), and is a party to its pending general rate case (UE-140762), which has been consolidated with three separate deferred accounting petitions filed by the Company.

5 Boise has a substantial interest in PacifiCorp’s request to defer for later recovery in rates costs associated with the purchase of renewable energy credits (“RECs”). PacifiCorp estimates that these REC purchases will cost it up to \$500,000 . The inclusion of these costs in rates would substantially and directly affect Boise. Boise requests leave to intervene in this Docket to represent its interests which are directly affected by PacifiCorp’s deferred accounting proposal.

6 Boise’s legal counsel has extensive experience in proceedings before the Commission involving PacifiCorp’s rates. Boise directly participated in PacifiCorp’s most recent general rate case and has participated, as a member of the Industrial Customers of Northwest Utilities, in other PacifiCorp rate proceedings, including UE-991832, UE-032065, UE-050684, UE-060669, UE-061546, UE-080220, UE-090205, UE-100749, and UE 111190. Boise’s intervention in this proceeding will assist the Commission in resolving the issues and will not unreasonably broaden the issues, burden the record, or delay this proceeding.

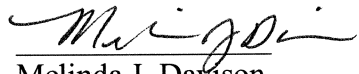

7 As described above, Boise has a direct and substantial interest in this proceeding that will not be adequately represented by any other party, and may be affected by any Commission determination made in connection with this proceeding. It is in the public interest to allow Boise to intervene in this proceeding.

WHEREFORE, Boise respectfully petitions the Commission for leave to intervene in this proceeding.

Dated this 4th day of December, 2014.

Respectfully submitted,

DAVISON VAN CLEVE, P.C.
