Re: Cascade Natural Gas PGA CPA (Conservation Program Adjustment) Annual Filing

Dear Mr. King:

Eightieth Rev. Sheet No. 596 Canceling Seventy-Ninth Rev. Sheet No. 596

The purpose of this filing is to create a new rate schedule to pass on changes in the amount of conservation program adjustments affecting customer rates as a result of deferral account amortizations.

The rates contains information developing the level of the per therm change necessary to amortize the outstanding deferral balances of \$2,754,550. The annual revenue change reflected in this filing is a decrease of (\$210,628) to customers, or a decrease in annual revenue of (.11%). The slight decrease is related to reduced expenditure in Conservation. The average residential customer using 46 therms per month will see a bill reduction of (\$.05). Below is a table summarizing the proposed changes reflected in this filing:
