Re: Penalty Assessment TE-160727

Dear Honorable Judge or administrator,

I acknowledge that I received this penalty assessment due to non-filing of the annual report. As a result, Senda Intl LLC has incurred an assessment of \$1000. I understand I have committed this infraction but I am compelled to ask for a reduction of penalty. My company is newly started and I am learning the ropes of running a company and for a company my size, this penalty will severely affect me. I barely make enough right now to stay afloat. Please consider while making your judgement on my penalty assessment. I promise this report filing error will not occur again.

Thank you very much for your time,

Johnny Xiao Yu Wang
