

**BEFORE THE WASHINGTON STATE  
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of Determining the State  
Enhanced 911 Excise Tax

DOCKET UT-170961

ORDER 01

ORDER DETERMINING THE  
STATE ENHANCED 911 EXCISE  
TAX

**BACKGROUND**

- 1 On September 12, 2017, the Emergency Management Division (EMD) of the Washington Military Department (WMD) filed with the Washington Utilities and Transportation Commission (Commission) a petition recommending the Commission maintain the rate of enhanced 911 excise tax at 25 cents per month for switched access lines, radio access lines, and interconnected Voice over Internet Protocol (VoIP) service lines for calendar year 2018 (Petition).
- 2 RCW 82.14B.030 (5), (6), and (7) impose a state enhanced 911 excise tax on all switched access lines, radio access lines, and interconnected VoIP service lines in the state. The amount of the tax may not exceed 25 cents per month for each switched access line, radio access line, or interconnected VoIP service line. Local exchange telecommunications companies providing or reselling these services, companies providing radio access lines, and interconnected VoIP providers are required to remit the tax to the Washington Department of Revenue (DOR), and the treasurer must deposit the tax in an enhanced 911 account.
- 3 RCW 82.14B.030 (9) requires that EMD, the state enhanced 911 coordinator, recommend to the Commission the appropriate level of tax based on a systematic cost and revenue analysis for switched access lines and interconnected VoIP service lines. EMD makes its recommendation annually by August 31, and the Commission must determine the level of the state enhanced 911 excise tax for the following year by October 31.
- 4 The legislature has appropriated funds to support the enhanced 911 program at the Washington Military Department. State and county enhanced 911 excise tax revenues are

remitted by vendors directly to DOR, which distributes the appropriate funds to the respective government entities in accordance with RCW Chapter 82.14B.

5 Commission staff (Staff) reviewed the filing and agrees with EMD's request that 25 cents per month per switched access line and interconnected VoIP service line is necessary to recover enhanced 911 costs. Staff recommends the Commission approve the Petition.

### **DISCUSSION**

6 The Commission agrees with Staff's recommendation and finds that a state enhanced 911 excise tax rate of 25 cents per month per switched access line and interconnected VoIP service line is fair, just, reasonable, and in the public interest.

### **FINDINGS AND CONCLUSIONS**

7 (1) On September 12, 2017, the Washington Military Department, Emergency Management Division, filed with the Commission its annual report of revenues, expenditures, and budgets relating to the statewide provision of 911 services. The Washington Military Department, Emergency Management Division recommended an assessment of the excise tax at the monthly rate of 25 cents per switched access line, radio access line, and interconnected VoIP line in accordance with RCW 82.14B.030 for the year beginning January 1, 2018.

8 (2) This matter came before the Commission at its regularly scheduled open meeting on October 26, 2017.

9 (3) The Commission finds that a state enhanced 911 excise tax rate of 25 cents per month per switched access line and interconnected VoIP service line is fair, just, reasonable, and in the public interest.

### **ORDER**

#### **THE COMMISSION ORDERS:**

10 (1) Each local exchange company shall collect a state enhanced 911 excise tax in the amount of 25 cents per month per switched access line and remit the amount collected directly to the Department of Revenue on a tax return provided by the Department of Revenue, pursuant to RCW 82.14B.030.

- 11 (2) Each interconnected Voice over Internet Protocol service company shall collect a state enhanced 911 excise tax in the amount of 25 cents per month per interconnected Voice over Internet Protocol service line and remit the amount collected directly to the Department of Revenue on a tax return provided by the Department of Revenue, pursuant to RCW 82.14B.030.

The Commissioners, having determined this Order to be consistent with the provision of RCW 82.14B.030 and in the public interest, directed the Secretary to enter this Order.

DATED at Olympia, Washington, and effective October 26, 2017.

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

STEVEN V. KING, Executive Director and Secretary
