Subject: Letter to Washington Utilities & Transportation

Good Afternoon,

The attached letter was recently sent to Mark Johnson.

We regret you were led to believe using our hotel for a pickup and drop off for locals was approved by the owner Kyu Lee. However, the prior GM is no longer with our hotel who originally approved your agreement. It is the management's and owners decision not to have our hotel as the a place non-guests can be picked up. We need to provide the best security possible to our guests.

We hope you understand we have nothing personal against your company. If your shuttle service is used by our guests that is great. However we are voiding the original agreement with Bremerton Kitsap to use our hotel for a local 'bus' stop.

Best Wishes,
Deborah Kerner, GM
