

THUNDER RIDGE WATER CO. INC.

IMPORTANT NOTICE

February 19, 2020

TO: All Customers and potential Customers
WUTC Public Affairs Section

Thunder Ridge Water Co. Inc. has filed for approval from the Washington Utilities and Transportation Commission to include a surcharge for the installation of the new emergency electric pump and generator system. If approved, the new surcharge will be effective on April 1, 2020.

The new emergency backup system was required by the State Department of Health. The total cost of the project was \$214,811.12. The surcharge is for 70% of that amount (being \$150,367.78) to service the construction loan plus state excise taxes. The remaining 30% was paid for by the Company.

There is no current surcharge. The proposed new monthly surcharge is \$17.84, to last until April 30, 2026 or sooner if paid off before. Customers have the option to pay a one-time payment sum of \$1,076.31 within 90 days of the effective date, thus saving interest costs. New hook-ups will pay the monthly surcharge upon first use of water. The current base rate of \$35.00 and the usage rates are not changed in this proposal.

If you have questions about the proposed filing and how it will affect you, please email Thunder Ridge Water Co. Inc. at cole-gilday@stanwoodlaw.net.

The commission has the authority to set final rates that may be lower or higher than the company's request, depending on the outcome of its investigation. You can submit comments by going to utc.wa.gov and clicking "Submit a Comment," or by one of the following options:
