

**BEFORE THE WASHINGTON  
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of the Request of	DOCKET UG-200355
CASCADE NATURAL GAS CORPORATION,	ORDER 01
Petitioner,	GRANTING LESS THAN STATUTORY NOTICE; ALLOWING TARIFF REVISIONS
For Less Than Statutory Notice in Connection with Tariff Revisions	

**BACKGROUND**

- 1 On April 16, 2020, Cascade Natural Corporation (Cascade or Company) filed with the Washington Utilities and Transportation Commission (Commission) revisions to its currently effective Tariff WN U-3, designated as Second Revision Sheet 303-B and Original Sheet 303-C. The purpose of this filing is to incorporate temporary modifications to the Company's Washington Energy Assistance Fund (WEAF) to mitigate the economic impact of the COVID-19 pandemic. The temporary modifications include: (1) offering hardship grants of up to \$400 for residential customers experiencing difficulty paying their bill, (2) suspension of certain WEAFF guidelines that otherwise would prohibit a customer from receiving more than one grant per program year, and (3) allowing WEAFF eligibility verification requirements to mimic the LIHEAP emergency modifications wherever applicable, allowing the Company to provide assistance more quickly to customers experiencing a sudden loss of income.
  
- 2 RCW 80.28.060 and WAC 480-80-121 require public service companies to provide 30 days' notice to the Commission prior to the proposed effective date of any tariff filing. The tariff sheets bear an effective date of May 16, 2020, which recognizes the required 30-day statutory notice. The Company, however, requests less than statutory notice as permitted by WAC 480-80-122, which would allow the revisions to become effective on April 24, 2020. Cascade requests that the revisions become effective with less than statutory notice to allow the Company to provide immediate assistance to customers experiencing a loss of income due to the Covid-19 pandemic and Governor

Proclamations related to social distancing that impact employment, education, and childcare.<sup>1</sup>

3 Similarly, WAC 480-90-194 requires 30 days' notice to customers. For the same reason Cascade seeks less than statutory notice, the Company seeks an exemption from the notice requirements in WAC 480-90-194. Cascade proposes to notify customers via its website and other communication channels, such as broadcasts and social media, and via telephone when customers contact Cascade regarding payment arrangements.

4 Commission staff (Staff) has reviewed the proposed tariff revisions and believes they are reasonable. The filing is supported by a broad coalition of stakeholders including The Energy Project, the Public Counsel Unit of the Attorney General's Office, Commission Staff, and the community action agencies that administer Cascade's low-income programs. The revisions are urgent and necessary to respond to the significant economic impacts of the COVID-19 pandemic and the related Governor Proclamations.

5 Staff believes that allowing the proposed tariff revisions to become effective with less than statutory notice is reasonable and consistent with the public interest. Staff recommends the Commission grant Cascade's request to allow the proposed tariff revisions to go into effect with less than statutory notice on April 24, 2020.

### DISCUSSION

6 We agree with Staff that the proposed revisions, which were filed in response to an emergency situation that has the potential to leave many of Cascade's suddenly vulnerable customers unable to pay their bills, are decidedly in the public interest.

7 We also grant the Company's request for less than statutory notice. Pursuant to RCW 80.28.060 and WAC 480-80-122, the Commission may allow tariff changes, for good cause shown, without requiring 30 days' notice by order specifying the changes to be made and the time when the Order shall take effect. Here, we find that the COVID-19 pandemic and the associated issues that could leave customers unable to pay their natural gas bills during a state of emergency unequivocally constitutes good cause to permit the tariff revisions to become effective on less than statutory notice to both the Commission and the Company's customers. Accordingly, we grant Cascade's request for exemptions from the notice requirements in WAC 480-80-121 and WAC 480-90-194 and allow the

tariff revisions to become effective on less than statutory notice.

### FINDINGS AND CONCLUSIONS

- 8 (1) The Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, regulations, practices, accounts, securities, transfers of property and affiliated interests of public service companies, including gas companies.
- 9 (2) Cascade Natural Gas Corporation is a natural gas company and a public service company subject to Commission jurisdiction.
- 10 (3) This matter came before the Commission at its regularly scheduled meeting on April 23, 2020.
- 11 (4) Staff has reviewed Cascade Natural Gas Corporation's request in Docket UG-200355 and recommends the Commission approve the proposed tariff revisions. Staff further recommends the Commission grant the Company's request for less than statutory notice to the Commission and to customers.
- 12 (5) Cascade Natural Gas Corporation is subject to RCW 80.28.060, WAC 480-80-121, and WAC 480-90-194, which require natural gas companies to file changes in any rate, charge, or service with 30 days' notice to the Commission and customers. For good cause shown, however, the Commission may allow changes without requiring 30 days' notice by order specifying the changes to be made and the time when the order shall take effect.<sup>2</sup>
- 13 (6) Based on the COVID-19 pandemic and resulting state of emergency, the Commission finds good cause to allow the tariff revisions filed by Cascade Natural Gas Corporation on April 16, 2020, to become effective with less than statutory notice on April 24, 2020. The Commission also finds Cascade Natural Gas Corporation should be granted an exemption from the customer notice requirements in WAC 480-90-194.

<sup>2</sup> WAC 480-80-122.

**ORDER**

**THE COMMISSION ORDERS:**

- 14 (1) Cascade Natural Gas Corporation's request for less than statutory notice is  
granted.
- 15 (2) Cascade Natural Gas Corporation's request for an exemption from WAC 480-90-  
194 is granted.
- 16 (3) Cascade Natural Gas Corporation is directed to file a revised tariff page with an  
effective date of April 24, 2020.<sup>3</sup>
- 17 (4) The tariff revisions Cascade Natural Gas Corporation filed on April 16, 2020, will  
become effective on April 24, 2020.
- 18 The Commissioners, having determined this Order to be consistent with the public  
interest, directed the Secretary to enter this Order.

DATED at Lacey, Washington, and effective April 23, 2020.

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

MARK L. JOHNSON  
Executive Director and Secretary
