**PUGET SOUND ENERGY
Electric Tariff G**

**SCHEDULE 129
LOW INCOME PROGRAM (Continued)**

CRISIS AFFECTED CUSTOMER ASSISTANCE PROGRAM (“CACAP”) SECTION

CACAP AVAILABILITY/APPLICABILITY: The benefits available under this separate section of Schedule 129 are available to residential Customers of the Company meeting the criteria described herein on a first-come, first-served basis. This separate CACAP is available to address the economic impact of the COVID-19 pandemic.

CACAP BENEFITS: Benefits under the CACAP are available through the Company and the Company will ascertain whether specific Customers seeking assistance with their electric bills are eligible for assistance under the CACAP.

The total benefits of the CACAP available to natural gas Customers are capped at \$7,000,000. The total benefits of the CACAP available to electric customers are capped at \$12,300,000. All benefits will be available through September 30, 2020. (C)
I
(C)

A CACAP qualifying Customer may receive assistance through the CACAP once. Total combined CACAP benefits to an individual eligible CACAP qualifying Customer under the CACAP for both this schedule and under the Company’s natural gas Schedule 129 are limited to a maximum of \$1,000 per Customer. The Company will determine the CACAP benefit amount per Customer based on the total March through August 2019 PSE energy bills for the premises where the Customer resides at the time of application. If energy bills for the time period of March through August 2019 are not available the Company will calculate the benefit using a fixed average per-day charge.

CACAP FUNDING: The source of benefits available for the CACAP is the undistributed carry-over of funds collected under both of the electric and natural gas Schedule 129 Programs that did not get distributed by September 30, 2019, of the 2018-2019 Program year.
