RE: TR-210226 - Grade Crossing Protective Fund Application

Dear Mr. Jungmann:

On April 6, 2021, CWW LLC filed a Grade Crossing Protective Fund (GCPF) application with the Washington Utilities and Transportation Commission (UTC). CWW LLC requested \$5,802.46 in grant funds to replace batteries and chargers at the Prospect Avenue grade crossing, USDOT #808939F, in Walla Walla, WA.

GCPF projects must be completed and reimbursement documents must be submitted to the UTC within the same state budget biennium in which they are awarded. Because the completed application was received in April, it was not realistic for the project to be completed prior to the end of the current biennium on June 30, 2021. UTC staff will hold the application for formal consideration until 2021-2023 biennium GCPF funds become available after July 1, 2021. No additional action is required on behalf of CWW LLC at this time.

If you have any further questions, please contact Mike Turcott, Transportation Planning Specialist, at (360)664-1119 or at mike.turcott@utc.wa.gov.

Sincerely,
