We respectfully request that Coleman American Moving Services, Inc. be granted an extension on the filing of the Financial Statement of Household Goods and Passenger Carriers.

The due date of May 1, 2021 is difficult for us to meet, due to our accounting department being heavily involved in closing out the previous year's business, and then immediately following, the first quarter of 2021. We are dependent on the audited financial statements produced by our auditing firm, and are not always in control on the date those statements can be provided to us for the completion of the motor carrier report.

We would like to request an extension of June 1, 2021. Any extension of time you may allow us will be extremely helpful. We would like to position ourselves to have enough time to avoid the penalties and fines of not meeting the May 1, 2021 deadline. We are not trying to avoid filing the report, as it is a high priority to get the report filed as soon as we are able to have the audited statements.

Thank you for your consideration of allowing an extension to file the Utilities Commission Annual Report for 2021. We have been allowed this extension in previous years and were able to meet the deadline with no problem. We will await your decision.
