Re: Docket TS-210265; San Juan Express, Inc. 2021, Revised Season Schedule, BC-117 - PLEASE DO NOT RE-DOCKET

Dear Secretary Johnson:

Enclosed for filing today please find, pursuant to WAC 480-51, a proposed revised new time schedule and sailing frequency planned for San Juan Express for the 2021 season and which the company proposes to resume on Friday of Memorial Day weekend, May 28. The 2020 sailing season was completely canceled due to the pandemic which the Commission previously approved discontinuance thereof in Order 01, Docket TS-200248. That Order also recognized the severe financial conditions under which the company was operating due to the pandemic.

At the request of staff, we are bifurcating the proposed seasonal sailing schedule from a separate request for a surcharge to recoup the substantial costs of COVID protective improvements to the vessel and passenger congregant areas made by the company to enhance safety and better conform to Centers for Disease Control ("CDC") protocols which will be submitted next week.

Should you or the staff have any further questions on this submission, please do not hesitate to contact me or David Gudgel of San Juan Express, Inc.

Thank you for your consideration of this matter.
