The Washington Utilities and Transportation Commission (Commission) believes that Puget Sound Energy (PSE) has violated the Revised Code of Washington (RCW) 19.122.030(3)(a) for failing to provide the excavator with reasonably accurate information about its underground facilities by marking their location. RCW 19.122.070(1) states, in part, that violations of any provision of the chapter are subject to a civil penalty of not more than \$1,000 for an initial violation and not more than \$5,000 for each subsequent violation within a three-year period.

The Commission reviewed findings and recommendations made by the Washington State Dig Law Safety Committee (Safety Committee) and hereby notifies you that it is assessing a \$5,000 penalty (Penalty Assessment) against you on the following grounds:

On September 15, 2021, the Safety Committee heard the complaint about case 20-021 against PSE and determined that PSE violated RCW 19.122.030(3)(a) by failing to provide the excavator with reasonably accurate information by marking the location of its underground facilities. The Safety Committee recommended that the Commission impose a \$5,000 penalty.

Commission staff (Staff) agrees with the Safety Committee's findings of probable violation and agrees with the penalty recommendation. Staff based this decision on the following information and investigation.

Staff conducted an investigation that included reviewing documents, reports, and emails submitted by the Safety Committee. These documents identified that PSE failed to accurately mark its facilities. During the Safety Committee Review PSE acknowledged that it mismarked a 16-inch natural gas facility.

PSE was previously penalized by the Commission as follows: \$5,000 on September 13, 2021; \$5,000 on June 24, 2021; \$5,000 on March 24, 2021; and \$2,000 on January 18, 2017. Additionally, PSE received a warning letter from the Commission on July 15, 2019.

Staff recommends that the Commission assess a penalty as follows:

- \$5,000 penalty against PSE for one violation of RCW 19.122.030(3)(a) for failing to provide the excavator with reasonably accurate information by marking the location of PSE's underground facilities.

The Commission agrees with Staff's recommendation and assesses a penalty of \$5,000 for one violation of RCW 19.122.030(3)(a) for failing to provide the excavator with reasonably accurate information about its underground facilities by marking their location.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

**You must act within 15 days after receiving this notice** to do one of the following:

- Pay the \$5,000 penalty amount due; or
- Request a hearing to contest the occurrence of the violation; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and file it with the Washington Utilities and Transportation Commission at [records@utc.wa.gov](mailto:records@utc.wa.gov) **within FIFTEEN (15) days** after you receive this Penalty Assessment.

**If you do not act within 15 days**, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Lacey, Washington, and effective November 3, 2021.
