 UTIL. AND TRANSP.
 COMMISSION

On January 6, 2022, Northwest Natural Gas Company, dba NW Natural (NW Natural or Company), filed revisions to its Tariff WN U-6, stated to become effective with service on and after February 25, 2022, to update language in Rule 5 to be compliant with Washington Administrative Code (WAC) 480-90-128(11) - Disconnecting service during inclement weather. NW Natural files herewith the following revised tariff sheets, which replace the tariff pages from the January 6, 2022 filing.

Third Revision of Sheet 5.1	Rule 5	Disconnection and Reconnection Procedures
First Revision of Sheet 5.2	Rule 5	Disconnection and Reconnection Procedures
First Revision of Sheet 5.3	Rule 5	Disconnection and Reconnection Procedures

NW Natural provides these revised tariff sheets to reflect input from and discussions with Commission Staff, resulting in the addition of a table providing a more detailed description of the Company's parameters for cold weather moratoriums on disconnections for non-payment.

In accordance with WAC 480-90-193 and WAC 480-90-195(3), copies of this letter and the attached filing are available in the Company's main office in Portland, Oregon, and on its website at www.nwnatural.com.

As requested by WAC 480-80-103(4)(a), I certify that I have authority to issue tariff revisions on behalf of NW Natural.

Please address correspondence on this matter to me with copies to the following:
