

WN U-7
FIRST REVISED SHEET NO. 17
CANCELLING ORIGINAL SHEET NO. 17

INLAND TELEPHONE COMPANY

DEFINITIONS (Continued)

Move and Change Charges

Non-recurring charges made to cover in whole or in part the cost of changes in location or type of facilities at the request of the customer where there is no interruption to service, other than that incidental to the work involved, and where such changes are not required for the proper maintenance of the equipment or service.

Network Control Signaling

The transmission of signals used in the Company's exchange facilities which perform functions such as supervision (control, status, and charging signals, address signaling (dialing), calling and called number identification, audible tone signals (call progress signals indicating re-order or busy conditions, alerting, coin denominations, coin collect, and coin return tones) to control the operation of switching machines in the telecommunications system.

Non-Contiguous Exchanges

Two exchanges whose boundaries do not adjoin.

Non-Listed Number

Requested by a customer whose name and telephone number are not listed in the telephone directory, but can be obtained by contacting directory assistance.

Non-Published Number

Requested by a customer who does not desire to have their name and telephone number listed in the directory or have the number made known to other telephone users.

Nonrecurring Charge

One-time charges intended to cover, in part, the expense incurred by Inland Telephone Company for the installation, change or transfer of service associated with the Service Order, Central Office Work, Line Connection, Premises Visit and/or Time and Material charges. The nonrecurring charge is either in lieu of or in addition to the monthly recurring charge.

Normal Working Day

The normal working day for installations, changes, repair and construction will be all days between the hours of 8:00 am and 4:30 pm except Saturdays, Sundays and legal holidays. For restoration of service after discontinuation, see WAC 480-120-173(2)(c).

Off Premises Extension

Local exchange service extended to a premises other than the customer's primary service location owned or controlled by the customer. However, in no case may the off premise extension be used for a separate dwelling or living unit.

WN U-7
FIRST REVISED SHEET NO. 120
CANCELLING ORIGINAL SHEET NO. 120

INLAND TELEPHONE COMPANY

SCHEDULE NO. 3

MILEAGE SERVICE

APPLICABILITY:

Applicable to an Off Premises Extension (as defined and limited on Sheet No. 17) service location. (1)
Mileage service rates are in addition to the basic rates for the service or equipment with which it is associated.

RATES:

RATES PER MONTH

Each one-quarter mile or fraction thereof-airline distance.

	<u>First Quarter Mile</u>	<u>Each Additional Quarter Mile</u>
Off-premises Extension	1.20	1.00

Off-premises Extension may be provided by either an extension in the field or from the Central Office at the discretion of the Company. Central Office extensions are considered a local residence exchange trunk and require an end user access charge pursuant to Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc.

CONDITIONS:

The appropriate total per-month mileage rate for primary services extended into the rural area of an exchange is determined as follows:

The measurement will be the airline distance measured from the primary service location to the nearest point on both the regular exchange base rate area boundary and the supplemental base rate area (if appropriate). The appropriate mileage rate will be the one which results in the lesser monthly charge when related to the rate with which the service is to be associated.
