

**BEFORE THE WASHINGTON
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of Determining the Proper
Carrier Classification of, and Complaint
for Penalties Against:

NW DUMPSTERS LLC

DOCKET TG-230242

DECLARATION OF
KATHRYN MCPHERSON

Kathryn McPherson, under penalty of perjury under the laws of the State of Washington, declares as follows:

1. I am employed by the Washington Utilities and Transportation Commission (Commission) as an investigator in the Solid Waste Enforcement program within the Transportation Safety Division. As an investigator, my responsibilities include conducting investigations regarding the business practices of regulated transportation companies. As part of those duties, I investigate transportation companies that may be operating without the required Commission-issued certificate.
2. On April 29, 2022, I received a complaint from Jos Metcalf, Waste Connections District Manager. The complaint alleged NW Dumpsters LLC (NW Dumpsters or Company) was transporting to the Hidden Valley Transfer Station in Puyallup, Washington.¹
3. On May 2, 2022, I researched the Company's licensing. I discovered the Company was registered with Washington Department of Revenue and has a unified business number of 604-664-311.² I reviewed Commission records to determine if NW Dumpsters had authority to operate as a solid waste carrier in the state of Washington. I learned that the Commission has no record of the Company.
4. On May 2, 2022, I researched company advertising and discovered the Company's price list for drop box rentals.³
5. On May 4, 2022, Staff sent a letter to NW Dumpsters at 900 S Puget Dr., Ste 203, Renton, Washington, 98055-4418, stating that I believed the business was in violation of Commission rules by operating as a solid waste carrier without the required certificate.⁴ The letter outlined allowable activities for a company operating without a certificate.

¹ See Attachment A for a copy of complaint email from Josh Metcalf, Waste Connections.

² See Attachment B for copy of Department of Revenue record.

³ See Attachment C for copy of NW Dumpsters price list.

⁴ See Attachment D for a copy of the compliance letter dated May 3, 2022.

6. On May 11, 2022, NW Dumpsters applied for and received a common carrier permit.⁵
7. On May 12, 2022, I called NW Dumpsters regarding the complaint investigation. In the conversation, I discussed the rules regarding solid waste and the parameters of common carrier.⁶
8. On May 12, 2022, NW Dumpsters emailed stating they received a common carrier permit, their webpage would be updated, and they had registered as a transporter of recyclable materials. I followed up with an email reiterating the requirements to transport waste as a junk hauler and stating that dumpster rentals could only be rented for commercial recycling. I stated that the Company may not provide residential recycling. The Company responded by email, acknowledging they would not transport to solid waste facilities, landfills, or transfer stations unless part of a junk removal job. They stated their dumpster rental would only be for commercial recycling and not provide services for residential recycling.⁷
9. On July 20, 2022, I received an additional complaint regarding NW Dumpsters transporting to a solid waste facility. Eddie Lewis, Operations Manager with Waste Connections, provided a photo of the company unloading waste.⁸
10. On July 27, 2022, Staff emailed the Company regarding the transport to a solid waste facility. I asked for clarification on the type of job performed that NW Dumpsters need to dispose of waste.⁹
11. On July 28, 2022, Staff received an email response from the Company. NW Dumpsters stated the disposal of waste on July 20, 2022, was self-haul for disposal of waste originating from Company owned property.¹⁰
12. On April 12, 2023, using a fictitious name, I messaged NW Dumpsters via the Company's online system. I requested to rent a drop box for residential service on a demo job being performed at my home. NW Dumpsters responded via email stating delivery prices for Pierce County and requesting when to schedule delivery.¹¹

⁵ See Attachment E for a copy of Common Carrier Permit issued May 4, 2022.

⁶ See Attachment F for copy of staff notes from May 12, 2022, phone call.

⁷ See Attachment G for copy of emails with Staff and Company on May 12, 2022.

⁸ See Attachment H for a copy of email and photo from Eddie Lewis, Waste Connections.

⁹ See Attachment I for a copy of Staff email dated July 27, 2022.

¹⁰ See Attachment J for a copy of Company's email response dated July 28, 2023.

¹¹ See Attachment K for a copy of offer of service from NW Dumpsters.

13. On April 13, 2023, I researched NW Dumpsters website and found that the Company continued to advertise for drop box services for residential customers.¹²
14. On April 13, 2023, I researched advertisements on social media. I found advertisements offering residential services on Yelp.¹³
15. On April 13, 2023, I researched advertisements on social media. I found advertisements offering residential services on Facebook.¹⁴
16. On April 13, 2023, I researched advertisements on social media. I found advertisements offering residential services on Instagram.¹⁵

DATED this 24th day of April 2023, at Lacey, Washington.

/s/ Kathryn McPherson

May 4, 2022

Haranmol Chatha and Chartha Harkawal
NW Dumpsters LLC
1900 S Puget Dr, Ste 203
Renton, Washington 98055-4418

Re: Compliance investigation complaint

Dear Haranmol Chatha and Chartha Harkawal,

The Washington Utilities and Transportation Commission believes NW Dumpsters LLC (NW Dumpsters) may be engaged in solid waste transportation services that require a certificate from the commission. It is illegal to operate or advertise as a solid waste collection company in Washington without the required solid waste certificate from the commission. You can receive a penalty of \$1,000 for each violation of this law.

What you need to do

Review the compliance investigation section of this letter and respond in writing to the following questions by **May 18, 2022**:

1. What materials were intended for collection?
2. What items were collected?
3. Who loaded the drop-box?
4. Who hired NW Dumpsters to transport the drop-box?
5. What was the intended destination of the drop-box?
6. How many total loads did your company collect and transport to a disposal facility between April 1, 2022, and April 30, 2022?

Solid waste collection regulations

Solid waste collection includes residential and commercial garbage, residential recycling, yard waste, and drop box service.

Compliance investigation

A compliance investigation revealed that NW Dumpsters may be in violation of RCW 81.77.040. Commission staff recently received a complaint that your Company is providing solid waste

Haranmol Chatha and Chartha Harkawal
May 4, 2022
Page 2

disposal services. NW Dumpsters was witnessed disposing at the Hidden Valley Transfer Station located at 17925 Meridian Ave E, Puyallup, Washington 98375 on or about April 29, 2022. The complaint asserts that your Company transports waste without having the required solid waste certificate required by law.

What you need to do

To avoid enforcement action by the commission, your company must:

- Immediately stop providing solid waste services;
- Remove all advertising for services requiring a certificate;
- If you choose to, submit a complete solid waste application (enclosed) or respond in writing **by May 18, 2022**, explaining your company's operations and why they do not require operating authority from the commission.

Solid Waste Certificate application

To provide solid waste collection services, your company must first submit a solid waste application. Your company cannot operate until the commission grants a solid waste certificate.

All applications are subject to public protest and your application must demonstrate that the current solid waste collection company in your proposed service area is not providing the service your company will offer. The commission only grants new certificates if the current company is unfit, unwilling, or unable to provide the service.

Send your response to kathryn.mcpherson@utc.wa.gov or mail P.O. Box 47250, Olympia, WA 98504. Please call commission investigator, **Kathryn McPherson at (360) 522-6121**, if you have any questions.

Sincerely,

JASON SHARP

Yes, that is correct. We are not transporting to solid waste facilities, landfills or transfer stations unless it is part of our junk removal job where our employees are loading the dumpsters. Our dumpster rental service is only provided for commercial recycling and loads are transported to materials recovery facilities. Our company is not providing residential recycling.

<kathryn.mcpherson@utc.wa.gov> wrote:

Yes. Tony and I went over several details on solid waste transportation requirements and common carrier requirements.

Please ensure that NW Dumpster is not transporting to solid waste facilities (landfill or transfer station) unless it is part of a junk removal job where the company is completing cleaning, clearing, or demos and your employees are loading the dumpster.

Dumpster rental service is only allowable for commercial recycling. All loads must be transported to a materials recovery facility (MRF). Your company may not provide residential recycling. This means that the resident of a home, cannot rent your drop-boxes for self loading projects, despite the final destination of a solid waste facility or MRF. Your company may provide drop-box services at a residential location for a contractor if the loads are exclusively commercial recycling and NW Dumpsters is transporting to a MRF.

If you have questions about specific jobs, you may contact me with questions. Thank you for the update. I look forward to the follow up.

Sincerely,

Kathryn McPherson

Hi Kathryn,

Tony, our attorney, just gave us an update on the conversation he had with you earlier today. We applied for and received a permit for a common carrier of property from the UTC yesterday. Our website will be updated this weekend or early next week. We'll also register as a transporter of recyclable materials with the Department of Ecology. Thank you so much for your help and guidance.

Hi Kelly,

We have containers from 20, 30, and 40 yards.

The 20-yard is \$349 for 7 days, \$10 per day after 7 days, and \$195 per ton for mixed construction debris for pierce county.

Please let me know if you have questions or would like to schedule a delivery.

Thank you
