June 20, 2023

ATTENTION:

Amanda Maxwell

Executive Director and Secretary

I am writing with intent to dismiss and request a hearing with the commission so J&S Movers & Justin Higbee/Owner can have the opportunity to move forward with a Household Goods Permit with the state of Washington! My understanding is there is still a opportunity to discuss my criminal background and have the opportunity to move forward if I can show the Commission that the Assault in the fourth degree charge was filed incorrectly. Also I am fully aware we need to address the rest of my background if the opportunity is available. I spoke to my lawyer who represented me and he explained that it was a court error and I had a disturbing the peace charge not an Assault charge. The Snohomish County Courts have now updated the system and it shows the correct information. I am not gonna go into detail on anything further regarding my application at this time in hopes I will be able to Communicate at a hearing and have the opportunity to move forward.

Docket TV-230373

Thank You,
Justin Higbee/Owner
