RE: Pullman Disposal Service, Inc., G-42, Commodity Credit Revision Filing

Dear Secretary:

We are filing proposed revised tariff, Pages No. 2 Check Sheet, No. 25 and No. 29 of Item 100-Residential Service-Monthly Rates and No. 33 Item 105-Multi-Family Service-Monthly Rates for Tariff No.18 on behalf of Pullman Disposal Service, Inc., G-42. The calculation used the most recent 12-month historical period to estimate the recycling commodity revenue and commodity credit for the next twelve months.

This filing proposes a residential recycling commodity adjustment of \$1.63 per single family residential customer and a multi-family adjustment of \$0.74 per recycling pick-up. This is an increase of \$0.41 per residential customer and an increase of \$0.17 for multi-family recycling pick-ups from the previous filing. The Company previously filed a commodity adjustment that was effective October 1, 2022.

We are requesting the proposed effective date for the tariff revisions to be October 1, 2023.

Enclosed for staff review are the accounting work papers for this filing and pricing support.

My authority to file on behalf of Pullman Disposal Service is included with this submission.
