RE: Application to Amend Certificate of Public Convenience and Necessity

Dear Director Hunter:

Enclosed pursuant to RCW 80.28.190, please find an application to amend Cascade Natural Gas Corporation's ("Cascade" or "Company") Certificate of Public Convenience and Necessity.

With this application, Cascade is requesting to add to its certificated area designated portions of Selah, Prosser, East Wenatchee, Kennewick, and Pasco that are contiguous to presently certificated areas. Maps and legal descriptions of each area are provided in Exhibit A.

In the course of updating maps of Cascade facilities, the Company discovered that some facilities had been inadvertently constructed pursuant to customer requests outside the borders of Cascade's existing certificated territory. The proposed amendments to Cascade's certificate will resolve that situation.

The following files are electronic submitted as part of this filing:
