RE: Tariff Revision to add a new residential service for Tariff Number 10, Certificate Number G-98, City Sanitary, Joe's Refuse, White Pass Garbage. Please do not re-docket TG-240024.

Dear Ms. Hunter:

Attached please find revised pages for Tariff Number 10 to add unlocking/unlatching service for residential customers.

If approved by the Washington Utilities and Transportation Commission, the new service will go into effect on February 1, 2024.

This upload is to correct this transmittal letter to remove reference to the commodity price adjustment. Additionally the Tariff has been correct to remove all (A) next to rates that were not changing with the original filing.

Please do not re-docket TG-240024.

We respectfully ask that this filing be accepted under LSN, per WAC 480-70-276 for customer notification and WAC 480-70-262(2) for Commission notification. If the LSN is accepted and these rates are approved by the Washington Utilities and Transportation Commission, the rates will become effective on February 1, 2024. Pursuant to WAC 480-70-271(2)(a)(iii), affected customers will receive notification of this change on the billing reflecting the revised rates.

If you have any questions regarding this filing, please contact me at (360) 448-6954, or at brian.vandenburg@wasteconnections.com.

Sincerely,

Brian Vandenburg
