Docket # 240179

Dear Mr. Killup,

Please do not re-docket this. Please change our effective date to May 1, 2024 for our annual rate increase filing to go into effect.

The company also deleted routes that were not being utilized after the holidays last year. We simply did not have the ridership, so had to close them in order to keep our Seatac route operating well. We tried to push through, and simply could not make it work on only a few riders a week. These routes were closed June 1st of 2023. We did post a notice on our site April 20th about the closing of this route come June 1st.

Thank you for your help with this matter.

Sincerely,

Monique Lott
