Mr. Killip,

Re: Carroll-Naslund Disposal Service, Inc., dba Naslund Disposal Service G-37– Tariff Revision - General Rate Filing

Attached please find Original Tariff No. 6, as well as supporting documentation for a general rate filing and price adjustment.

With this filing, Naslund Disposal Service (the Company) respectfully requests the Commission approve a general rate increase to recover higher general operating costs including labor, and employee benefits, as well as investments made in operating assets. The Company requests this rate increase to become effective July 1, 2024.

The Company's last rate increase became effective July 1, 2021.

With this filing, the Company is submitting an Original Tariff, which removes the Garfield County rate pages. With this filing, the Company is requesting one rate structure for both Asotin County and Garfield County, effective July 1, 2024. The two Counties currently have different rates that have historically increased by the same percentage in past general rate cases. Both Counties utilize the Asotin County landfill which makes one rate structure reasonable and consistent for all customers within the Company's G-37 service territory.

If approved by the Commission, this filing will result in an overall increase of approximately \$134,000 or 9.31%. This increase impacts approximately 4,500 residential, 340 commercial, and 30 drop box customers.

To protect certain proprietary information, the Company is submitting this filing as confidential, and is filing in accordance with WAC 480-07-160.

The Company mailed a rate increase notification letter to all customers affected by these proposed changes on May 16, 2024.

A copy of this letter was sent to the representing parties and Councils of Asotin and Garfield County.

If you should have any questions, please contact me at 509-758-5755 or LCharlo@NaslundDisposal.com.

Thank you,

Larrah Charlo

General Manager, Naslund Disposal Service
