

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

**NOTICE OF PENALTIES INCURRED AND DUE
FOR VIOLATIONS OF LAWS AND RULES**

**PENALTY ASSESSMENT: TV-240378
PENALTY AMOUNT: \$800**

7Lenora, LLC
d/b/a DonateKitsap
9463 NE Business Park Lane
Bainbridge Island, WA 98810

The Washington Utilities and Transportation Commission (Commission) believes 7Lenora, LLC d/b/a DonateKitsap (7Lenora or Company) violated Washington Administrative Code (WAC) 480-15-555, Criminal Background Checks for Prospective Employees and WAC 480-15-560, Vehicle and Driver Safety Requirements, which adopts Title 49 Code of Federal Regulations (49 C.F.R.) Part 391 - Qualifications of Drivers.

Revised Code of Washington (RCW) 81.04.405 allows penalties of \$100 for each violation. In the case of an ongoing violation, every day's continuance is considered a separate and distinct violation.

On May 15, 2024, Commission Motor Carrier Safety Investigator Arber Demiri completed a routine safety investigation of 7Lenora and documented the following violations:

- **Six violations of WAC 480-15-555(1) - Failure to complete a criminal background check for every person the carrier intends to hire.** The Company failed to acquire criminal background checks prior to hiring employees Damion Alexander, Matthew Bauer, Chris Dreiblatt, Nicole Martin, Kary McLean, and John Peek.
- **Two violations of 49 C.F.R. § 391.45(a) - Using a driver not medically examined and certified.** 7Lenora allowed driver John Peek to operate a motor vehicle without a valid medical certificate on two occasions on November 20, 2023, and April 15, 2024.

The Commission considered the following factors in determining the appropriate penalties for these violations:

1. **How serious or harmful the violations are to the public.** The violations noted are serious and potentially harmful to the public. Household goods moving companies that: (1) fail to conduct criminal background checks on employees prior to hire, and (2) use drivers who are not medically examined and certified put their customers, their customers' belongings, and the traveling public at risk. These violations present significant safety concerns.
2. **Whether the violations were intentional.** Considerations include:

- Whether the Company ignored Commission staff's (Staff) previous technical assistance; and
- Whether there is clear evidence through documentation or other means that shows the Company knew of and failed to correct the violations.

On January 5, 2023, the Commission received the Company's application for household goods moving authority. In the application, Jacob Chymiy, owner, acknowledged the Company's responsibility to understand and comply with applicable motor carrier safety laws and regulations.

Jacob Chymiy completed Commission sponsored household goods training on February 15, 2023, and acknowledged receiving training pertaining to motor carrier safety regulations.

The Company knew or should have known about these requirements.

3. **Whether the Company self-reported the violations.** 7Lenora did not self-report these violations.
4. **Whether the Company was cooperative and responsive.** The Company was cooperative and responsive during the safety investigation.
5. **Whether the Company promptly corrected the violations and remedied the impacts.** 7Lenora corrected violations as they were discovered.
6. **The number of violations.** Staff identified 14 violation types with a total of 21 individual occurrences during the routine safety investigation of 7Lenora. Of those violations, Staff identified two violation types with eight individual occurrences that warrant a penalty in accordance with the Commission's Enforcement Policy.
7. **The number of customers affected.** 7Lenora last reported traveling 300 miles for 2023. These safety violations present a public safety risk.
8. **The likelihood of recurrence.** The Company was cooperative throughout the safety investigation and was provided technical assistance with specific remedies to help the Company assess how well its safety management controls support safe operations and how to begin improving its safety performance. In light of these factors, Staff believes the likelihood of recurrence is low.
9. **The Company's past performance regarding compliance, violations, and penalties.** The Company has no history of penalties for safety violations.
10. **The Company's existing compliance program.** Jacob Chymiy is responsible for the Company's safety compliance program.

11. **The size of the Company.** The Company employs two drivers and operates one commercial motor vehicle. The Company reported \$7,000 in gross revenue in 2023.

The Commission's Enforcement Policy provides that some Commission requirements are so fundamental to safe operations that the Commission will issue mandatory penalties for each occurrence of a first-time violation.¹ The Commission generally will assess penalties by violation category, rather than per occurrence, for first-time violations of those critical regulations that do not meet the requirements for mandatory penalties. The Commission will assess penalties for any equipment violation meeting the Federal Motor Carrier Safety Administration's "out-of-service" criteria and also for repeat violations of critical regulations, including each occurrence of a repeat violation.

The Commission has considered these factors and determined that it should penalize 7Lenora \$800 (Penalty Assessment), calculated as follows:

- Six violations of WAC 480-15-555(1) - Failure to complete a criminal background check for every person the carrier intends to hire. The Commission assesses a penalty of \$100 for each occurrence of this first-time critical violation for a total of \$600.
- Two violations of 49 C.F.R. § 391.45(a) - Using a driver not medically examined and certified. The Commission assesses a penalty of \$100 for each occurrence of this critical violation, for a total of \$200.

This information, if proven at a hearing and not rebutted or explained, is sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violations did not occur, you may deny committing the violations and contest the penalty through evidence presented at a hearing or in writing. Alternatively, if there is a reason for the violations that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violations or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violations or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.
