RE: Tariff Submittal– Waste Control, Inc. G-101., Revised Tariff No. 20, B&O Increase

Dear Mr. Killip:

Attached please find revised pages for Tariff Number 20, for Waste Control, Inc. G-101.

Our Company was notified that effective October 1, 2025 the B&O tax is set to increase from 1.75% to 2.10%. With this filing, we respectfully request the Commission approve a rate increase to pass this increase through to customers.

We project this will increase revenue for the residential service by \$15,000 (0.39%); for commercial service by \$4,300 (0.39%); and drop box service by \$2,800 (0.39% pass through) for a 12-month period. There are approximately 12,700 residential, 480 commercial, and 100 drop box customers affected by this change.

The last general rate increase approved by the Commission became effective March 1, 2023.

Attached are the proposed tariff pages containing the increased rates, as well as supporting documentation for those changes. If these rates are approved by the Washington Utilities and Transportation Commission they are intended to become effective on October 1, 2025.

We respectfully ask that this filing be accepted under LSN, per WAC 480-70-276 for customer notification. If the LSN is accepted and these rates are approved by the Washington Utilities and Transportation Commission, the rates will become effective on October 1, 2025. Pursuant to WAC 480-70-271(2)(a)(iii), affected customers will receive notification of this change on the billing reflecting the revised rates.

If you have any questions regarding this filing, please contact me at (360) 566.6925, or via email at [brian.vandenburg@WasteConnections.com](mailto:brian.vandenburg@WasteConnections.com).

Sincerely,
