December 3, 1992

Dear Mr. Kroschel:

While discussing the possibility of grade crossing closures with Adams County, the Anderson Road grade crossing was mentioned as a candidate for closure. The state's project to widen and improve SR 395 will close the access to the crossing, and therefore eliminate the need for the crossing. The railroad is hereby petitioning for closure of the Anderson Road grade crossing, located at railroad MP 76.42 on our Pasco to Spokane mainline near Lind, Washington. Attached is the original and two copies of the petition.

Please execute the petition, and furnish the Washington Utilities and Transportation Commission the original and one copy of the petition. Please furnish this office a copy of the transmittal letter.

Sincerely,

John M. Cowles
Coordinator Public Programs
