## Hello.

We received the assessment noted above and I wanted to respond to it. I have attached the form below because I couldn't figure out how to do it on the UTC website.

We are requesting mitigation of the penalty because we had a locate ticket on file, (Ticket # 22232085), when we started the project on July 6, 2022. We made a mistake and didn't realize that the ticket expired on July 9, 2022. The damage occurred three days after the ticket expired on July 12, 2022. We are asking for leniency because we did submit for and had a locate done and inadvertently let it expire before the job was completed. The ticket was in effect when we started the project and we didn't realize we'd needed to resubmit it while the job progressed beyond the planned completion date.

## Cheers,

## Ken Harris
