RE: Sanitary Service Company, Inc. G-14, Tariff 9 – Item 100 Residential Yard Waste service and Item 230 Yard Waste Pass-through disposal fee.

Dear Secretary Hunter:

Enclosed are revised pages to Solid Waste Tariff No. 9 for Sanitary Service Company, Inc. as well as supporting documentation for the yard waste price increase. The proposed change in the yard waste rate is a result of higher cost of disposal at Green Earth Technology.

This filing proposes the residential food plus or yard waste rate will increase to \$12.87 from \$11.86 for every other weekly service and the yard waste pass-through rate will increase to \$67.00 per ton from \$58.00 per ton.

Residential customer revenue resulting from the cost increases at the third-party disposal site would increase by approximately \$45,000 and the proposed rates would go up 8.52%. The impact to pass through yard waste disposal fee customers for the Item 230 pass-through increase will be approximately \$8,000 and the pass-through rates would go up by approximately 15.52%.

The effective date of these proposed tariff revisions is February 1, 2024.

In accordance with WAC 480-70-271(2), to the extent the Commission approves the rates reflecting the disposal fee, affected customers will be notified of this rate increase on their next regularly scheduled billing.

Please feel free to call me at (360) 527-9783 if you have any questions about this filing.

Sincerely,

Sara Campbell, Controller
