RE: 2005 Annual Report and 2006 Regulatory Fees

Dear Mr. Wilkowski:

A review of Washington Utilities and Transportation Commission (commission) records indicates that you have not filed your 2005 Annual Report or paid the associated 2006 Regulatory Fees. You were directed to do so in a commission order dated September 13, 2006, copy enclosed.

If we do not receive your annual report and regulatory fee payment by December 29, 2006, the commission will consider additional sanctions. In addition, we will refer the matter to the Office of the Attorney General for collection.

For questions regarding this matter, please contact Sheri Hoyt, Compliance Specialist, Business Practices Investigations Section. Ms. Hoyt can be reached at (360) 664-1149, or by e-mail at shoyt@wutc.wa.gov.

Sincerely,

Carole J. Washburn
Executive Secretary

**BEFORE THE WASHINGTON STATE
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of the Penalty Assessment) DOCKET TG-061052
Against POINTS RECYCLING AND)
REFUSE in the Amount of \$100.00) ORDER 02
)
)
) ORDER DENYING MITIGATION
.....)

- 1 **Penalty:** On July 5, 2006, the Washington Utilities and Transportation Commission (Commission) assessed a penalty in the amount of \$100 against Points Recycling and Refuse (Points) for one violation of WAC 480-70-071(1)(b), which requires regulated solid waste and/or refuse collection companies to file annual reports with the commission no later than May 1 of each year.

- 2 **Petition for Mitigation:** On July 25, 2006, Points filed a petition for mitigation and waived a hearing. Points stated that it had several issues pending before the Commission Staff that were not being resolved to its satisfaction. Points stated that when the Commission addressed its issues it would comply with the regulation.

- 3 **Answer:** On August 3, 2006, Commission Staff responded to the petition for mitigation. Staff stated that Points holds a solid waste certificate and cannot select the rules with which it will comply or the timing for that compliance. Staff opposed mitigation.

- 4 **Commission Decision:** The Commission denies the petition. It is undisputed that Points did not comply with the applicable regulation and Points failed to offer good cause for its failure. Failing to comply with the regulation without stating good cause in a petition for mitigation is sufficient reason to uphold the penalty assessment against Points.

- 5 In its petition for mitigation, Points expresses an extreme attitude toward compliance with the Commission's regulations. That is, Points will fulfill its legal obligations under the statutes and Commission regulations when and if the Commission first

fulfills Points' outstanding "demands" to the standard established by Points. That is unacceptable.

- 6 As a certificated solid waste carrier, Points is required to comply with **all** applicable regulations and in a timely manner. Accordingly, the penalty is appropriate. Moreover, should Points fail to remit the penalty payment in a timely manner along with the required Annual Report, further enforcement is likely.
- 7 It is so ordered.

DATED at Olympia, Washington, and effective September 13, 2006.
