As requested,

Type of business structure:

Individual Partnership Corporation Other(LP, LLP, LLC) LLC UBI No. 602-856-625

List the name, title, and percentage of partner's share or stock distribution for major stockholders:

Name	Title	Stock Distribution or Percentage of Shares
David Gellatly	Owner/Manager	100%

Indicate below the commodity to be hauled and the territory in which you wish to operate. **PLEASE NOTE** Territory must be described using boundaries such as streets, avenues, roads, highways, townships, ranges, city limits, county boundaries or other geographic descriptions. In addition to describing the territory, you must file a map that meets the requirements of WAC 480-70-056 and clearly shows the described territory.

Solid Waste collection and Transportation in Point Roberts, Washington. See attached Maps

State below the conditions that justify the granting of this application. If you are applying for temporary certificate authority, be sure your statement addresses and supports the question of "immediate and urgent need."
Please see attached statement.

Do you currently hold, or have you ever held, a solid waste certificate?

No Yes If yes, please indicate your certificate number: G-_____

Have you ever applied for and been denied a certificate to transport solid waste?

No Yes If yes, please explain: _____

Please tell us about your experience and knowledge of transportation or solid waste, including motor carrier driver and equipment safety requirements.

Please see attached statement

Have you been cited for violation of state laws or Commission rules?

No Yes If yes, please explain: _____

SECTION 3 - RATES AND TARIFFS

Is this application to operate under a contract?

No

Yes

If yes, submit the original or a duplicate original of each contract under which service will be performed. The contract must contain all the elements stated in WAC 480-70-146.

If this application is for temporary authority, a new certificate, or extension of existing certificated authority, you must attach two copies of your proposed tariff using either the standard tariff format included in this package, or an approved alternate format. All tariffs submitted must comply with the provisions of WAC 480-70-226 through WAC 480-70-351.

If this application is a transfer or a lease of authority from an existing certificate, you must either file a new tariff at the same rate levels as on file, or you must adopt the current certificate holder's tariff. To file a new tariff, use the standard tariff format attached to this application or an approved alternate format. Indicate which option you will use:

Adopt

File a new tariff

SECTION 4 - FINANCIAL STATEMENT

You may attach a Balance Sheet, Profit and Loss Statement, or business plan if available.

Expiration Date: _____ Amount: _____

SECTION 8 - DECLARATION OF APPLICANT:

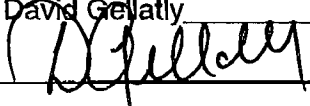

I understand that filing this application **does not** in itself constitute authority to operate as a solid waste collection company.

As the applicant for a solid waste collection company certificate, I understand the responsibilities of a solid waste collection company, and I am in compliance with all local, state, and federal regulations governing business in the state of Washington.

I certify under penalty of perjury under the laws of the State of Washington that the information contained in this application is true and correct.

I certify that I am authorized to execute and file this document.

Printed name of applicant: David Gellatly _____

Signature of Applicant:  _____

Date, County, State: ~~June 17, 2008~~, Whatcom County, Washington _____
June 29, 2009

Amended 6/29/09 [Signature]

Section 5 – Equipment List

Once granted a certificate, the company would purchase a special recycling trailer to conduct operations. That trailer could be completed within 30 days of the order date, and would then have to be transported from Minnesota where the manufacturer has their fabrication plant.

Initial recycling service would be conducted with a pickup truck with separate bins in the box to keep recyclables separated. *(All customers currently have recycling bins)*

It is our intention to operate this company with a single axel garbage truck with an 18 to 20 yard packer. We have sourced out several of these trucks and once we are sure that our certificate will be granted.

We will also be purchasing a single axel roll off container vehicle and containers for local service.

Until we are sure that our application will proceed, we are not keen on purchasing equipment which will not be of any use to us. Should we be faced with the need to expedite the purchase of equipment, we will take all necessary measures to secure equipment within the State of Washington.

It is our intention to have 4 vehicles including the recycle trailer; pickup truck; packer; and roll off container vehicle.

Amended 6/29/09 JJ

The listing on the application does not really provide for enough information and therefore we submit the following for your consideration.

This is a start up business and therefore a balance sheet or profit and loss statement is unavailable. We have however prepared a budget to outline rough income and expenses. Some of these numbers are based on information provided by the previous certificate holder's filings with the WUTC which are a matter of public record. We feel that the information contained in this budget is conservative and that the revenues will be slightly higher and quite possibly we will, have lower expenses than those stated. Additionally, as the recycling component of the business grows, and global economics start to recover, there will be a return on recyclable materials which will certainly add to the bottom line.

In completing this application and preparing the tentative budget, it is clear that this operation only has the components of success contingent upon receiving the lease of the Whatcom County owned transfer station situated in Point Roberts at Johnson Road. In his open letter to Point Roberts citizens, Whatcom County Public Works Department Director, Frank M. Abart seems to indicate that once a solid waste collection company is certified then the county will negotiate a lease with that new company. This will be essential in order to operate with a margin of success. Revenue quoted is based upon the transfer station income and usage. *If the county does not Provide Freedom 2000 with a lease for the Transfer Station, Freedom 2000 will be unable to provide services as outlined in this application and will be forced to withdraw.*

While we have had \$10,000.00 in our bank account since it opened in August of last year, we will be adding to that in the amount of \$30,000.00. Additionally we have secured short term (5 years) private financing in the amount of up to \$50,000.00.

We feel that we will be able to manage payments on our short term financing through our Facility, Equipment and Vehicle depreciation accounts of \$3750 per month.

Applications for USDOT and Operating authority have been filed electronically with the FMCSA and copies are attached hereto. Although we are not in receipt of it at this time, an electronic filing of our BOC-3 has been conducted. We will forward that in follow up for your files. A copy of the UCR application is also attached and will be submitted with the required fee. We are awaiting a submission from our insurance broker to finalize our process with the USDOT.

It is our intention to manage all operational matters in Point Roberts, and contract out any hauling of solid waste From Point Roberts, to contract carriers (*from disposal site to disposal site*). It is not our intention, at least initially, to buy unnecessary equipment when basic fundamental service will meet the needs of this community. Our efforts will be directed towards customer service and garnering community support. This will be

done primarily through direct contact with community groups and individuals. We hope that this approach will allow us to expand on our customer base.

We are also intending on contracting out our accounting services to a local contractor who will come to our offices and perform our billing, payroll, tax remittals and regulatory reporting functions. This individual is familiar with county government as they perform bookkeeping services for both the Fire and Water Districts here in Point Roberts. It is our intention to use industry designed software in order to streamline accounting and reporting activities.

Expanding into commercial recycling will be necessary in order to expand the recycling base of materials in Point Roberts. Currently a significant amount of recyclable material is land filled because no one has taken the time to educate the general public, including the businesses.

We also enclose for your information and records, a copy of our "TRANSPORTATION OF RECYCLABLE MATERIALS REGISTRATION" which has been sent to the Washington State Department of Ecology.

A handwritten signature in black ink, appearing to be the initials 'DJ' with a stylized flourish extending to the right.
