**Re: Docket UE-160757
Revised Attachment 1 to PSE's 2016 Renewable Energy Target
Final Compliance Report**

Dear Mr. King:

Attached is Puget Sound Energy's ("PSE's") revised Attachment 1 to its 2016 Renewable Energy Target Final Compliance Report (the "2016 Final Report") in the above-referenced docket. On May 1, 2018, PSE filed its 2016 Final Report pursuant to WAC 480-109-210(6). It was brought to our attention that the retirement type used to retire the Renewable Energy Credits ("RECs") in the WREGIS tracking system was not the preferred "RPS" type. PSE worked with WREGIS to withdraw and re-retire the same RECs using the RPS retirement type. The revised Attachment 1 to PSE's 2016 Final Report reflects this change and replaces the initial Attachment 1. Attachment 2 to the 2016 Final Report remains unchanged.

Please contact Chris Schaefer at chris.schaefer@pse.com or 425-456-2932 for further information about this filing. If you have any other questions, please contact Katherine Barnard at 425-462-3716.

Sincerely,

/s/ Katherine J. Barnard
