After graduating from the University of Washington in 2009, I joined PSE in hydroelectric operations where I performed asset management and asset analytics activities. Between 2009 and 2014, I held management positions at PSE in generation asset management and supply chain. I was promoted to Director in 2014 and have since had four different director roles;

- Director, Wind Resources and Asset Management (2014 – 2015). I was responsible for wind operations at PSE’s three wind facilities and asset management strategy across all generating resources.
- Director, Resource Planning and Analytics (2015 – 2018). I was responsible for overseeing the development of PSE’s 2015 and 2017 electric and gas integrated resource plans and annual electric and gas load forecasts.
- Director, Safety and Operations Solutions (2018 – 2021). I oversaw the development and implementation of a work management technology transformation program for electric and gas operations. I also oversaw PSE’s Corporate Safety programs from 2020 through 2021.
- Director, Strategic Energy Initiatives (2021 – present).
