

**DON PRICE  
ACADEMIC AND PROFESSIONAL QUALIFICATIONS, AND  
TESTIMONY PRESENTED BEFORE  
REGULATORY UTILITY COMMISSIONS**

**Academic Background:**

My academic background is in the social sciences. I received my Bachelor of Arts degree in Sociology from the University of Texas at Arlington May of 1977 and was awarded a Master of Arts degree in Sociology by the University of Texas at Arlington in December, 1978.

**Professional Qualifications:**

From January, 1979 until October, 1983, I was employed by the Southwest telephone operating company of GTE where I held several positions of increasing responsibility in Economic Planning. In those positions I became acquainted with such local exchange telephone company functions as the workings and design of the local exchange network, the network planning process, the operation of a business office, and the design and operation of large billing systems.

From November 1983 until October 1986, was employed by the Public Utility Commission of Texas. I provided analysis and expert testimony on a variety of rate design issues including setting of rates for switched and special access services, MTS (toll), WATS, EAS, and local and general exchange services. In 1986 I was promoted to Manager of Rates and Tariffs, and was directly responsible for staff analyses of rate design

and tariff issues in all telecommunications proceedings before the Texas Commission.

I have been with WorldCom (formerly MCI WorldCom, and MCI Telecommunications Corporation prior to the merger) for over fourteen years, during which time all of my experience has been in the regulatory and public policy arena. In my present position as Senior Regional Manager, Competition Policy, I have broad responsibilities in developing and coordinating WorldCom's regulatory and public policy initiatives for the western portion of the company's domestic operations. Those responsibilities require that I work closely on a day-to-day basis with WorldCom's regulatory teams in both the state and federal arenas, as well as with all of the Company's business units.

While with WorldCom, I have appeared as a panelist before various professional and trade associations and public seminars, including the Texas Society of CPAs, the University of Texas Department of Electrical and Computer Engineering Telecommunications Conference, the Alabama Telephone Association, the Arkansas Telephone Association, and the National Association of Regulatory Utility Attorneys.

I have testified before a number of commissions, including the Federal Communications Commission, the Public Service Commission of Arkansas, the California Public Utilities Commission, the Public Service Commission of Florida, the Georgia Public Service Commission, the Kansas Corporation Commission, the Public Service Commission of Kentucky, the Louisiana Public Service Commission, the Missouri Public Service Commission, the North Carolina Utilities Commission, the Corporation Commission of the

State of Oklahoma, the Public Service Commission of South Carolina, the Tennessee Regulatory Authority, and the Public Utility Commission of Texas. A list of those proceedings in which I have furnished testimony is provided below.
