

Concern of Requested  
Sale of PSE Coal-Fired  
Power Plant TO MONTANA (TALEN)  
Docket U E-200115

I would agree to the sale  
only if PSE agrees to offer  
some value to PSE customers  
who have invested thru rates  
to build and maintain these  
structures/plants and loss of  
power supply to customers  
and have some value of PSE  
stock due to this action of  
sale and loss due to the  
clean Energy transformation  
Act.

Thank for your time
