RE: Data Request

Dear Ms. Lindberg:

Under Washington State law (Revised Code of Washington 80.04.070), the Utilities and Transportation Commission (commission) has the right to inspect the accounts, books, papers and documents of any public service company doing business in this state.

As part of a review of your water company, the commission requires Cristalina, L.L.C. (Cristalina) provide the following information and documents:

1. A list of customers for whom Cristalina currently provides utility services.
2. For each customer listed for Request Number One, provide a document or worksheet that shows the complete statement of all debit and all credit activity for the period of June 1, 2009, through March 31, 2010. This includes, but is not limited to, late fees, current charges, pledges, payments, reconnect fees, disconnect fees, account notes, and the balances owing after each application. Please separate the account histories by account number or address, if different.
3. Records of any payment arrangements made between Cristalina and any of its customers for payment of past due amounts. Such records must include the details of any payment arrangements and any amount forgiven by Cristalina, details of amounts designated as prior obligation, and details of amounts sent to collections.
4. The name, title, telephone number, and e-mail address of a contact person with whom our staff can work directly for questions that may arise concerning any details of the data.

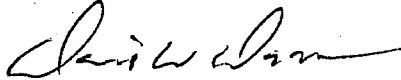

You are required to furnish the above requested documents to commission staff by no later than 5:00 p.m. on July 14, 2010. Please attach a copy of this letter to the documents for reference.

Cristalina, L.L.C.
